

## Colony Neighborhood Association Annual Neighborhood Meeting- May 7, 2019

### Welcome and meeting format

Jerry Weisenfluh welcomed the neighbors to the meeting and explained that rather than give a power point presentation and discuss activities of the board, we instead prepared a document which describes our actions over the past year. Please review the document and let us know if there are questions or if particular items can be further explained. The board would like to spend most of the meeting on invited guests.

\*\*\*NOTE: 23 households were represented at the meeting.

### Voting

Additionally, neighbors were encouraged to vote for next year's board members. There was a new name on the ballot this year. Josie Petrie from 1208 Colonial Dr. has kindly volunteered to be nominated for the at-large position to replace Darlene Bozarth. As always, if anyone is ever interested in serving on the board, please just let us know.

\*\*\*NOTE: I am pleased to announce that votes have been counted the following people will be your neighborhood board members.

Jerry Weisenfluh, President  
John Burke, Vice President  
Abbie Loynachan, Secretary and Webmaster  
Kevin Davis, Treasurer  
Jane Madden, at large, landscaping  
Josie Petrie, at large, hospitality  
Brigitte Prather, at large, hospitality

### Kangaroo motion detectors

Kevin Davis applied for a grant for a security device called Kangaroo. They are basically motion detectors that work with wi-fi to alert you when motion is sensed in the area the device is placed. Kevin has 100 of these devices available to share with neighbors for free. All you have to do is register the device with an email address. If you would like one or want more details, please send us an email.

### Lost and found

Michelle Arnold found a bible in her yard and brought it to the meeting in case it was one of the neighbors. Nobody seemed to know anything about it so we left it at the church.

### Other topics for discussion

There was a group discussion on garbage collection in the neighborhood.

Laura Dake from Bluegrass Care Navigators shared information on hospice and palliative care services for Lexington.

Lexington Fayette Animal Care and Control was supposed to speak but did not attend.

Finally, two representatives from LFUCG Planning Division discussed the new Comprehensive Plan and took questions regarding our neighborhood and area.

The meeting adjourned around 8pm.
